I-G71	General provisions		--- General provisions language	---

(Insert the following General provisions language immediately after General provision "SEC. 8068":)

SEC. 8069. Up to $20 million of funds available to the Department of Defense in fiscal year 1990 may be transferred to, and consolidated with, funds made available to carry out the provisions of Section 23 of the Arms Export Control Act and may be used for any of the purposes for which such funds may be used, notwithstanding Section 10 of Public Law 91-672 or any other provision of law: Provided, That funds transferred pursuant to this section shall be made available only for Jordan to maintain previously purchased U.S. - origin defense articles: Provided further, That funds transferred pursuant to this section shall be available to Jordan on a grant basis, notwithstanding any requirement for repayment:

1990 Budget Appendix Page	Heading	1990 Budget Request Pending	1990 Proposed Amendment	1990 Revised Request
	Provided further, That the Speaker of the House of Representatives and the President of the Senate and the Committee on Foreign Affairs of the House of Representatives, the Committee on Foreign Relations of the Senate, and the Committee on Appropriations and Armed Services of the Senate and House of Representatives shall be notified through regular reprogramming procedures prior to the transfer of funds.			

This proposal would provide funds to Jordan for the procurement of military spare parts and certain equipment. Because this use of funds would result in a slower outlay rate than would otherwise occur, this proposal would reduce fiscal year 1990 outlays by $3 million.
